

A RESEARCH STUDY ON "BILINGUALISM AND EXECUTIVE FUNCTION PERFORMANCE"

If you fit the following criteria:

- Of ages 18 to 40
- With normal vision and hearing
- Monolingual English Speakers
- OR adult Spanish learners
- OR highly proficient Spanish-English bilingual speakers who exposed to both languages before 3.

You may qualify to participate in this research study examining executive functions.

Participation Involves:

- One- to six-session study (1 hour each) in one year.
- Data collection is done remotely - you may choose to complete the study at your preferred location with computer and internet connections.
- Computer-based questionnaires and experiments with pictures, words, and/or sentences.
- Compensation will be provided for each hour of participation.

Your participation is crucial to understanding bilingualism. Please scan the QR code and type "E04" under "Project number" to register.

This study is conducted by Boji Lam, Ph.D., at the University of North Texas.
